Sturt™ Pool Fencing

Designed and manufactured for the budget conscious, our steel Sturt™ panels and gates are pool safety compliant (Australian Standards AS 1926.1 for pool fencing).

Prefabricated, lightweight and easy to install standardised panels and single gates in black powder coated finish. Panels and gates come supplied with all brackets and fixings required for installation.

Our Sturt™ Panels are manufactured and powdercoated locally to suit the harsh and extreme Australian conditions with Dulux® Duralloy® premium powdercoating featuring advanced durable polyester thermosetting powder that meets Australian Standard AS3715.

Posts

Standard Posts:

- 50x50x1800mm posts powdercoated black with caps
